History

- The history of the items purchased by the user from the beginning will be displayed under the history tab and hence each time when the user logs in and orders items the items bought will be stored in the history.

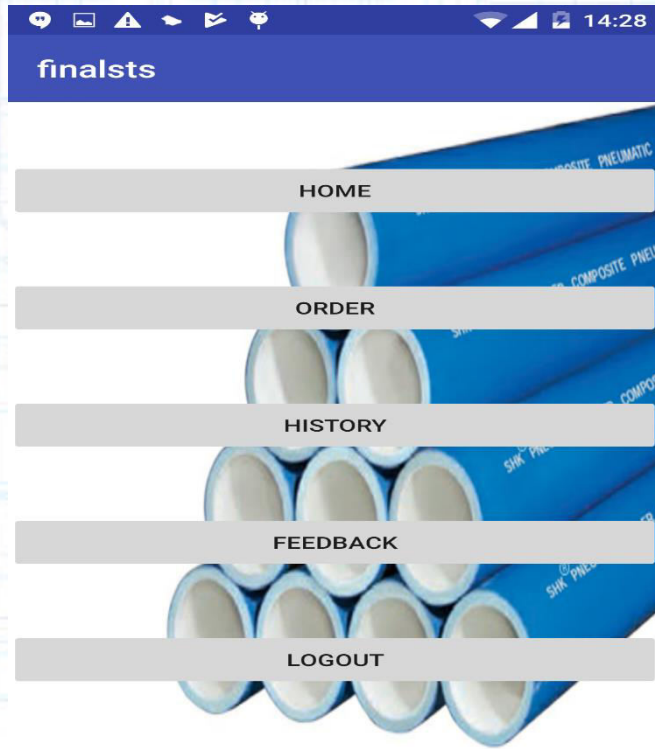

Review and feedback

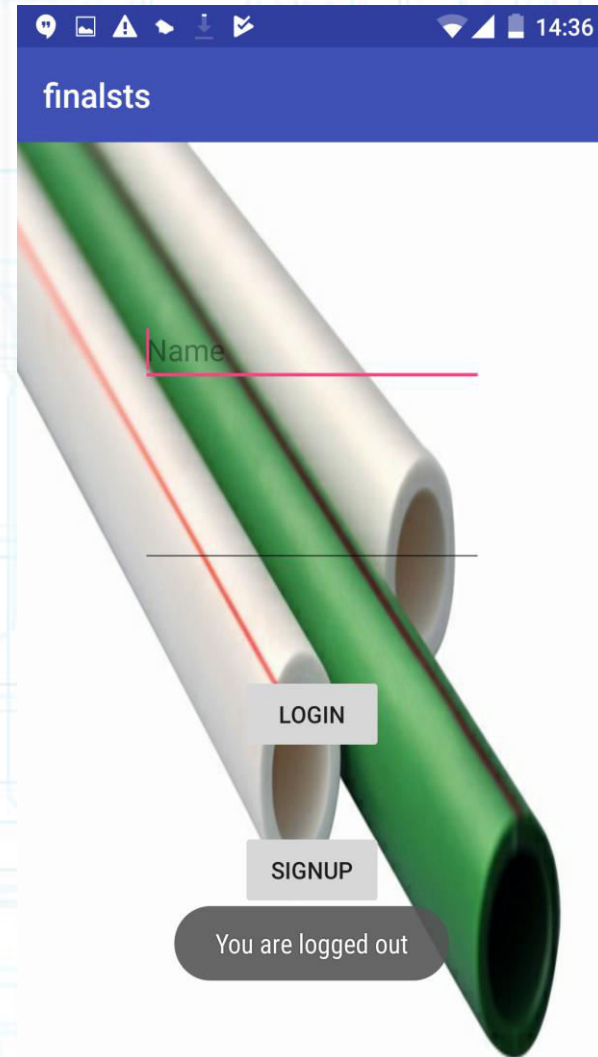

The screenshot shows a mobile app interface for a review form. At the top, there is a blue header bar with the text 'finalsts'. Below the header, the form is divided into three sections. The first section is titled 'RATE THE APP' and contains a row of eight stars; the first four are filled, and the last four are empty. The second section is titled 'HOW WAS YOUR EXPERIENCE ?' and contains a text input field with the word 'nice' entered. The third section is titled 'ITEM YOU NEEDED MORE' and contains a text input field with the word 'nil' entered. At the bottom of the form is a grey button labeled 'SUBMIT'.

- Now the user is prompted to enter the rating of the app their experience with the app and more items that they want to be added in this application. The feedback will be stored in the firebase.

logout

- The user can logout by clicking the logout button.

Thank you
